

# 2016 ORGANIC PLUM SEASON

**AWE SUM ORGANICS** luscious organic plums are grown in Chile by Greenvic, a pioneer of the organic movement in the Southern Hemisphere. With a slightly tart skin coupled with a sweet flesh, plums contain compounds that promote healthy digestion, and have been used for centuries to alleviate ailments. Plums have a low glycemic index and are rich in Vitamin C, fluoride, iron, and potassium.

Contact your Sales Rep for details and inquire about our Fair for Life option.
